February 5, 2025

TIDES Project Stakeholders,

At their February 5, 2025 meeting, the TIDES Board agreed unanimously to change the meaning of the TIDES acronym from

> Transit **ITS** Data Exchange Specification

to

> Transit **Integrated** Data Exchange Specification

and directed the TIDES Board Coordinator to request the TIDES Manager to implement this change across the entirety of the TIDES GitHub repo, documentation site, and all other resources.

Sincerely,

John Levin
TIDES Board Coordinator
